Owen Design Co.

Art Director, 2020-present

Increased my interactions with clients, and was given more responsibility in creating full creative directions for campaigns. I also expanded upon my prior responsibilities to offer designing for accessibility, landing page web development, and motion graphics.

Junior Art Director, 2019-2020

Worked with our team to create designs for print, web, and branding — often working closely with clients to create overarching themes, and overseeing the implementation of that work by our part-time and contracted employees.

L2 Marketing

Creative Director, 2013-2019

Maintained my Graphic Designer duties while also charting new territories by directing commercial shoots and planning full campaigns, both independently and alongside other staff.

Graphic Designer, 2007-13

Handled all design work for L2 Marketing, including print, web, branding, and broadcast graphics. I regularly presented to clients, and coordinated my efforts with our account managers.
